### APPLICATION OF USER HANDBOOKS – SRD GENERAL MEETING

8 January 2026

In line with Directives 2007/36/EZ, 2017/828/EU and Implementing Regulation 2018/1212/EU (Shareholders Rights Directive), SKDD has introduced new measures to improve communication between shareholders and issuers. These include:

- **For Issuers:** Publishing information about general meetings and providing all relevant details to shareholders, in accordance with SRD requirements.
- **For Investors:** Using secure digital channels to register for participation in general meetings and to vote electronically, as outlined in the meeting invitation.

Additionally, SKDD has further aligned its processes with SRD by developing new and upgrading existing features. These improvements make it easier to receive information about general meetings from issuers and forward it to e-investors and participants.

To support the use of these new features, SKDD has issued updated User Handbooks.

**The new functionalities and User Handbooks have been effective since 1 January 2026.**
