

Ready for a job where I can unlock my aspirations

UniCredit Graduate Program

The program

UniCredit Graduate Program is how you kick-start your career through a stimulating and exciting journey in one of Europe's leading financial institutions.

Our 12-months rotation-based Graduate Program offers the opportunity to work in a **forward-thinking, international and supportive environment** where you can **learn, grow, and thrive while making an impact** and empowering communities to progress.

The UniCredit Graduate Program - Client Solutions is a **12-month development journey** offering a **unique onboarding path** into our best-in-class products & services platform, to kick start an international career at UniCredit. During this journey, candidates can explore their potential through **on-the-job experience & job rotations** in an international environment. We are looking for recent graduates with excellent academic records, English fluency (with a second language for some roles), relevant international and work/internship experience, international mobility, and full time availability from June 2023 onwards.

Our offer

You will enjoy **increased responsibility and opportunities** for growth.
