2. 2020 Group Incentive System

In compliance with Bank of Italy provisions set forth in Circular 285, December 17, 2013 (Section Disposizioni di vigilanza per le Banche”) - 25th update of October 23, 2018, First Part, Title IV, Chapter 2, implementing the Capital Requirements Directive 2013/36/EU (CRD 4) for the section concerning remuneration policies and in line with the guidelines issued by European Banking Authority (EBA), UniCredit defined compensation systems based on financial instruments in order to align shareholder and management interests, reward long term value creation, share price appreciation and motivate and retain key Group resources. For this purpose it has been proposed the adoption of the Plan “**2020 Group Incentive System**” (hereinafter also the “2020 System”), which provides for the allocation of an incentive - in cash and/or free UniCredit ordinary shares - to be granted in a multi-year period, subject to the achievement of specific performance objectives.

2.1 Beneficiaries of the plan

The employees of UniCredit and of its parent companies or subsidiaries that benefit from the 2020 Group Incentive System are about 1,100, including Group Executives and other selected roles whose activities have impacts on Bank's risks as specified in section 2.1.2.

On the basis of the criteria established by Shareholders Meeting, the Board of Directors will be delegated to identify the actual beneficiaries belonging to the categories described in this section 2.1.

2.1.1 Indication of the name of beneficiaries who are members of the board of directors of UniCredit and of the companies directly or indirectly controlled by UniCredit

Mr. Jean Pierre Mustier, CEO of UniCredit, is not among the beneficiaries of the 2020 Group Incentive System. It is worth mentioning that certain potential beneficiaries of the 2020 Group Incentive System, in addition to the exercise of the managing powers connected to their offices, held offices in Management Bodies of companies, directly or indirectly controlled by UniCredit. Since these individuals are amongst the beneficiaries of the 2020 Group Incentive System as employees of UniCredit Group, no information as to their name is provided hereto and reference shall be made to the information provided below.

2.1.2 The categories of employees or collaborators of UniCredit and companies controlling or controlled by this issuer

There are no categories of employees to which different characteristics of the 2020 Group Incentive Systems apply.

2.2 The reasons for the adoption of the plan

2.2.1 The targets which the parties intend to reach through the adoption of the plan

The 2020 Group Incentive System aims to attract, retain and motivate Group beneficiaries in compliance with national and international regulatory requirements with the aim to define - in the interest of all stakeholders - incentive systems in line with long term company strategies and goals, linked to Group results, adjusted in order to consider all risks, in coherence with capital and liquidity levels needed to cover the activities in place and, in any case, able to avoid misleading incentives that could drive to regulatory breaches or to assume excessive risks for the bank and the system in its whole.

The 2020 Group Incentive System is compliant with Group Remuneration policy and Report and with the most recent national and international regulatory requirements providing for:

- allocation of a variable incentive based on available bonus pool, individual performance evaluation of the beneficiary, internal benchmark for specific roles/markets and bonus cap as set by the Ordinary Shareholder's meeting;
- definition of a balanced structure of upfront (done at the moment of performance evaluation) and deferred payments, in cash and in shares;
- distributions of share payments with share retention periods (a retention period of 1 year on both upfront and deferred shares);
- risk adjusted metrics in order to guarantee long-term sustainability with respect to company's financial position and to ensure compliance with regulatory expectations;
- a malus condition (Zero Factor) that will be applied in case specific thresholds (profitability, capital & liquidity) are not met both at Group and Country/Division levels. In particular, the Bonus Pool of 2019 will be zeroed, while previous systems deferrals could be reduced from 50% to 100% of their value, based on final effective results and dashboard assessments done by the Chief Risk Officer function.

2.2.2 Principal factors of variation and performance indexes taken into account for the assignment of plans based on financial instruments

Individual bonuses will be allocated managerially based on available bonus pool, individual performance evaluation of the beneficiary and internal benchmarking for specific roles/markets.

Individual performance appraisal is based on specific goals, linked to the UniCredit Five Fundamentals of Competency Model: “Customers First”, “People Development”, “Cooperation and Synergies”, “Risk Management”, “Execution and Discipline”.

Incentive payouts shall be made over a multi-year period, subject to continuous employment at each date of payment and as follows:

- in 2021 the first installment of the overall incentive will be paid in cash and/or shares in absence of any individual values/compliance breach, considering also the gravity of any internal/external findings (i.e. Audit, Bank of Italy, Consob and/or analogous local authorities);
- the remainder of the overall incentive will be paid in several installments in cash and/or UniCredit free ordinary shares during the period
 - 2022 - 2026 for Senior Management;
 - 2022 - 2024 for other Identified Staff.
 - each tranche will be subject to the application of the Zero Factor for the year of allocation and in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (i.e. Audit, Bank of Italy, Consob and/or analogous local authorities).

2.2.3 The factors assumed as basis for the determination of the compensation based upon financial instruments, or the criteria for the determination of the aforesaid compensation

In 2020 System the link between profitability, risk and reward is assured by linking directly bonus pools with company results (at Group and Country/Division level) cost of capital and risk profiles relevant for the Group as stated in the Group Risk Appetite Framework.

At this stage, the 2020 Group Incentive System does not contain an exact indication of the value of free shares to be actually allocated to the beneficiaries, rather it merely fixes the maximum number of free shares to be issued with reference to the Plan. In any case, there is the indication of the criteria to be followed by the Board of Directors for the determination of the actual number of beneficiaries and the number of free shares to be granted in the resolutions that after the Annual Shareholders’ Meeting approval will execute the Plans.

The 2020 Group Incentive System provides that in 2021 it will be formulated the promise to pay the incentive in cash and shares. The percentages of the payments in cash and shares are linked to the beneficiaries’ categories as described in the following points of this document. The final evaluation of sustainable performance parameters and risk-reward alignment will be reviewed by the Remuneration Committee and the Board of Directors of UniCredit.

2.2.4 The reasons justifying the decision to assign compensation plans based on financial instruments not issued by UniCredit, such as financial instruments issued by its subsidiaries, its parent companies or third parties; in the event the aforesaid financial instruments are not negotiated on regulated markets, the issuer shall provide information as to the criteria adopted for the calculation of the value attributable to such financial instruments

The 2020 Group Incentive System does not contemplate the allocation of similar financial instruments. Nevertheless it is foreseen the possibility for the Countries to submit to the Holding Company non-binding opinion requests, in order to localize the System on the bases of the local law and regulatory requirements that could imply the adoption of financial instruments issued by the single company and different from UniCredit shares.

2.2.5 The evaluations, with respect to the relevant tax and accounting implications, taken into account in the definition of the plans

The 2020 Group Incentive System definition has not been influenced by significant tax or accounting consideration. In particular, the tax and social securities regime applied to the free shares allocated will be consistent with legislation in place in the countries where the beneficiary is fiscally resident.

2.2.6 The indication as to whether the plan enjoys any support from the special fund for encouraging worker participation in the companies, as provided for under Article 4, paragraph 112, of Law December 24, 2003 n. 350

The 2020 Group Incentive System is not currently supported by the special fund for encouraging worker participation in the companies, as provided for under sect. 4, paragraph 112, of Law December 24, 2003 n. 350.

2.3 The procedure for the adoption of the plan and the timeframe for the assignment of the financial instruments

2.3.1 Powers delegated to the board of directors by the shareholders' meeting for the implementation of the plan

The best solution identified to execute the 2020 Group Incentive System is to delegate to the Board of Directors, pursuant to Article 2443 of the Civil Code, the faculty to increase share capital as described in the Director's Report presented to the Extraordinary Shareholders' Meeting called for on April 9, 2020 (in single call).

In force of this delegation, the Board of Directors could resolve on one or more occasions for a maximum period of five years - to carry out a free capital increase, as allowed by Article 2349 of the Italian Civil Code, for a maximum nominal amount of 13,100,000 UniCredit ordinary shares, to be granted to the pre-selected employees of the Holding Company and of Group banks and companies. Such an increase in capital shall be carried out using the special reserve known as "Provisions Linked to the Medium Term Incentive System for Group Personnel" set up for this purpose and reinstated or increased each year or in accordance with other methods dictated by applicable laws and regulations.

Related to Article 2443 of Civil Code that provides that the Directors can exercise the right to carry out a free capital increase for a maximum period of five years starting from the date when the Shareholders' meeting resolution providing the delegation of power has been registered and therefore - regarding the date of the AGM resolution - until 2025, in order to assign last share installment provided for 2026 it will be necessary to submit to a future AGM approval a proposal aimed at integrating the delegation of power already provided to the Board of Directors so that the implementation of 2020 System can be completed.

The number of shares to be allocated in the respective installments (as described in § 2.4.1.) shall be defined in 2021, on the basis of the arithmetic mean of the official market closing price of UniCredit ordinary shares during the month preceding the Board resolution that evaluates 2020 performance achievements. The allocation of a maximum number of 14,460,000 UniCredit ordinary shares is proposed, representing about 0.65% of UniCredit share capital, of which maximum no. of 2,900,000 UniCredit ordinary shares devoted to the payment of so called "bonus buy-out", of other variable remuneration and to the severance payments. In case the amount of the "Provisions Linked to the Medium Term Incentive System for Group Personnel" does not allow the issuance (full or partial) of UniCredit ordinary shares to serve the 2020 System, an equivalent amount in cash will be allocated to the beneficiaries, determined in base of arithmetic mean of the official market closing price of UniCredit ordinary shares during the month preceding the Board resolution that evaluates 2020 performance achievements.

2.3.2 Indication of the individuals in charge of the management of the plan, their powers authority

The Organizational Unit "Performance & Reward" of the Holding is in charge for the management of the 2020 Group Incentive System.

2.3.3 Procedures for the amendment of the plans, if any, also in connection with potential variation of the original targets

No specific procedures for the amendment of the 2020 Group Incentive System are provided for, other than the power of attorney that is provided by the Shareholders' Meeting to the Chief Executive Officer and the Head of Group Human Capital, also separately, to possibly make changes to the 2020 System.

2.3.4 Description of the modalities for the determination of the availability and assignment of the financial instruments contemplated by the plan

The best solution identified to execute the 2020 Group Incentive System is to delegate the Board of Directors, pursuant to Article 2443 of the Civil Code, the faculty to increase share capital as described in the Director's Report presented to the Extraordinary Shareholders' Meeting called for on April 9, 2020 (in single call). In force of this delegation, the Board of Directors could resolve on one or more occasions - for a maximum period of five years - to carry out a free capital increase, as allowed by section 2349 of the Italian Civil Code, for a maximum nominal amount of 13,100,000 UniCredit ordinary shares, to be granted to pre-selected employees of the Holding Company and of Group banks and companies. Such an increase in capital shall be carried out using the special reserve known as "Provisions Linked to the Medium Term Incentive System for Group Personnel" set up for this purpose and reinstated or increased each year or in accordance with other methods dictated by applicable laws and regulations. Related to Article 2443 of Civil Code that

provides that the Directors can exercise the right to carry out a free capital increase for a maximum period of five years starting from the date when the Shareholders' meeting resolution providing the delegation of power has been registered and therefore - regarding the date of the AGM resolution - until 2025, in order to assign last share installment provided for 2026 it will be necessary to submit to a future AGM approval a proposal aimed at integrating the delegation of power already provided to the Board of Directors so that the implementation of 2020 System can be completed.

The number of shares to be allocated in the respective installments (as described in § 2.4.1.) shall be defined in 2021, on the basis of the arithmetic mean of the official market closing price of UniCredit ordinary shares during the month preceding the Board resolution that evaluates 2020 performance achievements. The allocation of a maximum number of 14,460,000 UniCredit ordinary shares is proposed, representing about 0.65% of UniCredit share capital, of which maximum no. of 2,900,000 UniCredit ordinary shares devoted to the payment of so called bonus "buy out", of other variable remuneration and to the severance payments.

Over the period 2022-2026 each tranche of UniCredit ordinary shares will be subject to the application of the Zero Factor for the year of allocation and in absence of any individual/values compliance breach, considering also the gravity of any internal/external findings (i.e. Audit, Bank of Italy, Consob and/or analogous local authorities). Payouts in shares comply with the applicable regulatory provisions in terms of holding period.

2.3.5 The influence exercised by each director in the determination of the characteristics of the plans; the potential conflict of interest which may trigger the obligation for the relevant director to abstain from exercising his vote in the relevant resolution

In the determination of the essential characteristics of the 2020 Group Incentive System proposed to the Shareholders' Meeting, the Board of Directors followed the guidelines and criteria elaborated by the Remuneration Committee of UniCredit.

Even if the CEO of UniCredit is not among the beneficiaries of the 2020 Group Incentive System, he abstained from participating in the definition of the 2020 Group Incentive System.

2.3.6 The date on which the board of directors resolved upon the assignment of the financial instruments contemplated by the plan

The Board of Directors, on January 14, 2020 approved the proposal related to the 2020 Group Incentive System to be submitted to UniCredit Shareholders' Meeting.

Furthermore, in exercising the delegation received by the Shareholders' Meeting, as described in point 2.3.1, the Board of Directors will resolve in one or more occasions to allocate the financial instruments related to the 2020 Group Incentive System.

2.3.7 The date on which the remuneration committee resolved upon the Plan of UniCredit

The Remuneration Committee of UniCredit on January 13, 2020 positively resolved upon the criteria and the methodology elaborated for the definition of the 2020 Group Incentive System, sharing the reasons and motivations thereof.

2.3.8 The market price of UniCredit ordinary shares, on the dates mentioned in points 2.3.6 and 2.3.7

The market price of UniCredit ordinary shares, registered on the date of Board of Directors approval of 2020 Group Incentive Systems proposal (January 14, 2020) and on the date of the decision made by the Remuneration Committee of UniCredit (January 13, 2020), resulted equal to Euro 13.398 and to Euro 13.290.

2.3.9 In which terms and modalities UniCredit takes into account, in the determination of the timeframe for the assignment of the plans, of the possible time-coincidence between:

- such assignment or the decision, if any, adopted thereon by the Remuneration Committee, and
- the dissemination of relevant information, if any, pursuant to sect. 114, paragraph 1 of Legislative Decree 58/98; for instance, in cases in which such information is:

- a) not already public and capable to positively affect the market quotation, or
- b) already published and capable to negatively affect the market quotation

In relation to the foregoing it is clarified that the resolution of the Board of Directors which approved the proposal to be submitted to the Shareholders' Meeting has been communicated to the markets, in compliance with the current

regulations. It is also clarified that analogous information to the market, if required, will be made available upon any other following resolution adopted by the Board of Directors of the 2020 Group Incentive System.

It is worthwhile clarifying that, although all the resolutions adopted by the Board of Directors are subject to the prior positive opinion of the Remuneration Committee of UniCredit, the information to the market - where due - is given only after the relevant resolution of the Board of Directors.

2.4 The characteristics of the financial instruments assigned

2.4.1 Description of the compensation plan

The individual bonuses will be assigned on the basis of defined bonus pool, of the individual performance evaluation of the beneficiary, of internal benchmark for specific roles/markets.

Individual performance appraisal is based on specific goals, linked to the UniCredit Five Fundamentals of Competency Model: “Customers First”, “People Development”, “Cooperation and Synergies”, “Risk Management”, “Execution and Discipline”.

The achievement of Group performance parameters and risk-reward alignment will be reviewed by the Remuneration Committee and the Board of Directors of UniCredit.

The 2020 Group Incentive System provides that in 2021 the Board of Directors - once verified the achievement of the goals defined for 2020 - will define the percentage of payments in cash and shares established for each category of beneficiaries, as illustrated in the table below:

		2021	2022	2023	2024	2025	2026

1. EVP and above banding and other apical roles foreseen by Bank of Italy Circular 285

The number of shares to be allocated in the respective installments shall be defined in 2021, on the basis of the arithmetic mean of the official market closing prices of UniCredit ordinary shares during the month preceding Board resolution that evaluates 2020 performance achievements. The maximum number of UniCredit free ordinary shares is estimated at 14,460,000, representing about 0.65% of UniCredit share capital, of which maximum no. of 2,900,000 UniCredit ordinary shares devoted to the payment of so called bonus “buy-out”, of other variable remuneration and to the severance payments.

Payouts in shares comply with the applicable regulatory provisions in terms of holding period.

2.4.2 Indication of the time period for the implementation of the plan also indicating different cycles, if any, of its implementation

Incentive payouts shall be made over a multi-year period (2021-2026) in a balanced structure of upfront (following the moment of performance evaluation) and deferred payments, in cash and in shares, subject to continuous employment at each date of payment. The free shares related to the 2020 Group Incentive System will be allocated by UniCredit in multiple installments (as shown in the table above) subject to the 2020 Bonus approval in 2020 by the Board of Directors.

2.4.3 The termination date of the plan

The 2020 Group Incentive System will lapse by July 2026.

2.4.4 The overall maximum number of financial instruments, also in the form of options, assigned over any fiscal years with respect to the beneficiaries namely identified or identified by categories, as the case may be

The maximum number of shares is estimated at 14,460,000, representing about 0.65% of UniCredit share capital, of which maximum no. of 2,900,000 UniCredit ordinary shares devoted to the payment of so called bonus “buy-out”, of other variable remuneration and to the severance payments. For the assignment of the last installment of shares planned for 2026 it will be submitted to one of the future Shareholders’ meetings the proposed integration of the power of attorney, already provided to the Board of Directors, so that the implementation of 2020 System can be completed. At this stage it is not possible to indicate the maximum number of free shares allocated in each fiscal year during the life of the 2020 Group Incentive System, since the actual definition will be done by the Board of Directors on the basis of the criteria approved by the Shareholders’ Meeting.

2.4.5 The procedures and clauses for the implementation of the plan, specifying whether the assignment of the financial instruments is subject to the satisfaction of certain specific conditions and, in particular, to the achievement of specific results, including performance targets; a description of the aforesaid conditions and results

Bonus Pools are set as a percentage of specific funding KPI (i.e. NOP pre-bonus) at Countries/Divisions level and considering the “Entry Condition” criteria assessment (based on the evaluation of both Group and Country/Division risk-adjusted forecasted results) and local risk and performance assessment.

The “Entry Condition” is the mechanism that determines the possible application of the malus condition (Zero Factor) based on profitability, capital and liquidity KPIs set at Group and Country/Division level. In particular, the Bonus Pool of 2020 will be zeroed, while previous systems deferrals could be reduced from 50% to 100% of their value, based on final effective results and dashboard assessments done by the Group Risk Management. In order to align to regulatory requirements, in case level set KPIs are not met both at Group and Country/Division, a Zero Factor will apply to the Executives/Identified Staff population whereas for below-Executives, a significant reduction will be applied. In case Zero Factor is not activated, Bonus Pool adjustments will be applied within pre-set ranges based on the assessment of local & Group performance and risk factors. In case Country/Division is in a malus condition and Group not, a floor will be defined for retention purposes and in order to maintain the minimum pay levels needed to play in the market.

2.4.6 Indication of the restrictions on the availability of the financial instruments allocated under the plan or of the financial instruments relating to the exercise of the options, with particular reference to the time limits within which the subsequent transfer of the stocks to the issuer or third parties is permitted or prohibited

The Board of Directors of UniCredit could establish to assign - for the 2020 Group Incentive System - free UniCredit

ordinary shares that will be freely transferable at the end of the shares retention period, or in the year of the assignment, but subject to restrictions on the transfer for the foreseen shares retention period (a retention period of 1 year on both upfront and deferred shares).

2.4.7 Description of any condition subsequent to the plan in connection with the execution, by the beneficiaries, of hedging transactions aimed at preventing the effects of potential limits to the transfer of the financial instruments assigned there under, also in the form of options, as well as to the transfer of the financial instruments relating to the exercise of the aforesaid options

In accordance with national and international regulatory guidelines and the Group Remuneration Policy and Report, beneficiaries are required not to use personal hedging strategies or remuneration and liability-related insurance to undermine the risk alignment effects embedded in their remuneration arrangements. Involvement in any form of hedging transaction shall be considered in breach of Group compliance policies and therefore the relevant rights under the Plan shall automatically expire.

2.4.8 Description of the consequences deriving from the termination of the employment or working relationship

The 2020 Group Incentive System provides that the Board of Directors will have the faculty to identify, in the resolution that will execute the 2020 System, the termination of the beneficiary with the relevant Group employing Company, as a cause for the expiring of the right to receive the free shares.

2.4.9 The indication of any other provisions which may trigger the cancellation of the plan

The 2020 Group Incentive System does not provide for any provision which may trigger its cancellation.

2.4.10 The reasons justifying the redemption, pursuant to sect. 2357 and followings of the Italian Civil Code, by UniCredit, of the financial instruments contemplated by the plan; the beneficiaries of such redemption, indicating whether the same is limited only to certain categories of employees; the consequences of the termination of the employment relationship with respect to such redemption rights

The 2020 Group Incentive System does not provide for the redemption by UniCredit or by another Group company with reference to the free shares.

2.4.11 The loans or other special terms that may be granted for the purchase of stocks pursuant to sect. 2358, paragraph 3, of the Italian Civil Code

The 2020 Group Incentive System does not provide for a loan or other special terms for the purchase of the shares.

2.4.12 The evaluation of the economic burden for UniCredit at date of the assignment of the plan, as determined on the basis of the terms and conditions already defined, with respect to the aggregate overall amount as well as with respect to each financial instrument contemplated by the plan

The estimation of the overall cost expected by UniCredit in relation to the 2020 Group Incentive System at the grant date of the free shares, has been made on the basis of IAS principles, considering the accounting assumptions on the foreseeable beneficiaries exits before the allocation of the free shares and on the probability to achieve the performance targets related to the allocation of the free shares.

On the basis of these estimations, the overall expected cost for UniCredit at the grant date of the target number of free shares is equal to Euro 170 mio to be split in 6 years. Depending on actual performance achievements, actual IAS cost of the Plan will vary from Euro 0 to a maximum of Euro 170 mio. At this stage it is not possible to define the exact cost in each year of life of the 2020 Group Incentive System, since the definition of the actual number of the free shares to be allocated is subject to the Board of Directors resolution.

3.2.1 The targets which the parties intend to reach through the adoption of the plan

The LTI Plan is aimed at aligning Top and Senior Management interests to the long term value creation for the shareholder, to share price and Group performance appreciation and sustaining a sound and prudent risk management orienting the performance management measurement on a multi-year horizon.

The LTI Plan has also the characteristic to be qualified as a “retention” tool in order to retain key Group people for the achievement of the mid-long term Group Strategy.

3.2.2 Principal factors of variation and performance indexes taken into account for the assignment of plans based on financial instruments

The LTI Plan provides for the allocation of UniCredit free ordinary shares, in several installments and over a multi-year period, subject to the achievement of specific performance conditions linked to the 2020-2023 Multi-Year Plan. The overall number of shares to be allocated has been defined on the basis of the arithmetic mean of the official price of UniCredit ordinary shares on the electronic stock market managed by Borsa Italiana S.p.A. during the 30 days preceding the Board resolution that has approved the proposal submitted to the General Shareholders' Meeting. Different percentages of payments in shares, starting from 2025, are defined on the basis of the beneficiary categories. Performance indicators of the LTI Plan to be evaluated for the definition of the numbers of shares are the following:

- Return on Tangible Equity with CET1 underpin (weight: 60%); this KPI will be measured on the basis of its average value over the period 2020-2023, consistently with the objectives of the 2020-2023 Strategic Plan (100% achievement in the case of a value equal to 8.1%; achievement between 0-100% for values between 7.3% and 8.1%);
- Asset Quality:
 - NPE ratio “core” (weight: 10%); this KPI will be measured on the basis of its average value over the period 2020-2023, consistently with the objectives of the Strategic Plan 2020-2023 (100% achievement in case of value equal to 3.8%; achievement between 0-100% for values between 4.2% and 3.8%);
 - Expected Loss New Business Flow without impact of models (weight: 10%); this KPI will be measured on the basis of its average value over the period 2020-2023, consistently with the objectives of the Strategic Plan 2020-2023 (100% achievement in case of a value equal to 0.39%; achievement between 0-100% for values between 0.44% and 0.39%);
- Operating Expenses (weight: 10%); this KPI will be measured on the basis of its value at the end of the Plan and consistently with the objectives of the 2020-2023 Strategic Plan (100% achievement in case of a value equal to € 10.2 billion; achievement between 0-100% for values between € 10.5 billion and € 10.2 billion);
- Sustainability (weight: 10% equally distributed):
 - ESG Sustainalytics rating: this KPI will be measured on the basis of its value at the end of the 2020-2023 Strategic Plan compared to the standard Peer Group used for remuneration purposes (100% in the case of placement in third place; 75% in the case of placement in fourth place; 50% in the case of placement in fifth place; 0% in the case of placement below fifth place);
 - Customer Experience on the basis of the Net Promoter Score: this KPI will be measured on the basis of its value at the end of the 2020-2023 Strategic Plan with respect to competition at country level - analysis carried out

at individual country level and then aggregated to obtain results at Group level (reaching 100% in the case of a value equal to +3 points with respect to competition; reaching between 0 and 100% in the case of values between +1 and +3 points with respect to competition);

- People engagement on the basis of the Internal Engagement Index : this KPI will be measured on the basis of the average of two surveys during the course of the 2020-2023 Strategic Plan (reaching 100% in the case of a value equal to 73 points; reaching between 0 and 100% for values between 71 and 73 points).

For the CEO only, 100% of the variable remuneration is allocated on Long Term Incentive, out of which 20% of the yearly performance of the CEO is based on the evaluation of the annual status progress of the economic goals of the LTI Plan and other non-economic goals defined based on the yearly priority.

The overall performance, capped at maximum 100% of the shares for which each beneficiary is eligible, includes also the over-achievement for one or more KPIs (KPI result above MYP target) and may compensate those other KPIs whose result are below the MYP target but at least at their minimum threshold level.

3.2.3 The factors assumed as basis for the determination of the compensation based upon financial instruments, or the criteria for the determination of the aforesaid compensation

The overall number of shares to be allocated has been defined on the basis of the arithmetic mean of the official price of UniCredit ordinary shares on the electronic stock market managed by Borsa Italiana S.p.A during the 30 days preceding the Board resolution that has approved the proposal submitted to the General Shareholders' Meeting. Different percentages of payments in shares, starting from 2025, are defined on the basis of the beneficiary categories. The assigned shares will be subject to a four year deferral period from the date of approval of the LTI Plan, as required by law. The overall final amount will be defined on the basis of the achievement of specific performance conditions linked to the 2020-2023 Multi-Year Plan, subject to continuous employment at each date of payment. Moreover, the payments that the beneficiary receives for each year of deferment of the Plan are subject to malus conditions (linked to the UniCredit's profitability, capital and liquidity and to conditions of compliance with the law, the Company's and Group's compliance rules, the Company's policies and the corporate values referred to in the Code of Conduct) and, potentially, to claw-back actions. The Board of Directors will also carry out a final assessment on the basis of Total Shareholder Return in relative terms and on a comprehensive evaluation of the overall performance achieved during the Plan period, also based on other managerial KPIs included in the MYP, market context and compensation trends, reputational impacts, risks, relative RoTE, innovation and digitalization level of the Bank. Such assessment may lead to a decrease down to 0 or an increase up to maximum 20% (upwards adjustment is not applicable to Group CEO) of the shares to be awarded under the Plan. However the overall final number of shares assigned under the LTI Plan may in no event exceed the maximum 100% of the shares for which each Beneficiary is eligible.

3.2.4 The reasons justifying the decision to assign compensation plans based on financial instruments not issued by UniCredit, such as financial instruments issued by its subsidiaries, its parent companies or third parties; in the event the aforesaid financial instruments are not negotiated on regulated markets, the issuer shall provide information as to the criteria adopted for the calculation of the value attributable to such financial instruments

The LTI Plan does not contemplate the allocation of similar financial instruments.

3.2.5 The evaluations, with respect to the relevant tax and accounting implications, taken into account in the definition of the plans

The LTI Plan definition has not been influenced by significant tax or accounting consideration. In particular, the tax and social securities regime applied to the free shares allocated will be consistent with legislation in place in the countries where the beneficiary is fiscally resident.

3.2.6 The indication as to whether the plan enjoys any support from the special fund for encouraging worker participation in the companies, as provided for under Article 4, paragraph 112, of Law December 24, 2003 n. 350

The LTI Plan is not currently supported by the special fund for encouraging worker participation in the companies, as provided under sect. 4, paragraph 112, of Law December 24, 2003 n. 350.

3.3 Procedure for the adoption of the plan and timeframe for the assignment of the financial instruments

3.3.1 Powers delegated to the board of directors by the shareholders' meeting for the implementation of the plan

The powers for the issue of the UniCredit free ordinary shares necessary for the execution of the LTI should be object of a delegation of powers of attorney by the Extraordinary Shareholder Meeting to the Board of Directors, in compliance with sect. 2443 of the Civil Code.

The LTI Plan proposed, provides the first issue and simultaneous grant of shares to the beneficiaries only during the first half of 2025 and since the right to increase the share capital in accordance with art. 2443 of the Italian Civil Code may be exercised for a maximum period of five years from the date of registration of the shareholders' resolution to grant the proxy, differently from the past, it is not proposed to today's Shareholders' Meeting to grant the Board of Directors the relevant proxy to increase the share capital.

A proposal for the conferment of the proxy to increase the share capital to service the LTI Plan, in one or more tranches, within a maximum period of five years, by a maximum of € 125,000,000 corresponding to a maximum of 9,400,000 ordinary UniCredit shares, to be assigned, pursuant to Article 2349 of the Italian Civil Code, to the beneficiaries of the LTI 2020-2023 Plan will be therefore submitted to a future Shareholders' Meeting.

Such an increase in capital will be performed by using the special reserve known as "Provisions Linked to the Medium Term Incentive System for Group Personnel", which, if needed, may be restored or increased via allocation of profits or a portion of available statutory reserves, formed through the allocation from company profits that shall be identified by the Board of Directors at the moment of share issuance. In case it will not be feasible to proceed with the issuance (fully or partially) of UniCredit ordinary shares to serve the LTI Plan (also due to the lack of reserves in the "Provisions Linked to the Medium Term Incentive System for Group Personnel"), an equivalent amount in cash will be allocated to the beneficiaries, determined multiplying the number of shares to be assigned by the arithmetic mean of the official market price of ordinary shares during the month preceding the effective issuing of shares.

As required by law, the distribution of payments in shares provides for a retention period of one year on the shares themselves.

The Board of Directors will assign free UniCredit ordinary (and freely transferable) shares to the Beneficiaries at latest by the end of July of the year following the one of each up-front or deferred share instalment (e.g. the "up-front" share instalment vested in 2024, at the end of the Plan, will actually be assigned to the Beneficiaries by the month of July 2025).

To this regard, please refer to the foregoing points § 3.2.2; 3.2.3.

In the determination of the essential characteristics of the LTI Plan proposed to the Shareholders' Meeting, the Board of Directors followed the guidelines and criteria elaborated by the Remuneration Committee of UniCredit.

Since the CEO of UniCredit is among the beneficiaries of the LTI Plan, the latter has abstained from participating in the definition of the LTI Plan.

3.3.6 The date on which the board of directors resolved upon the assignment of the financial instruments contemplated by the plan

The Board of Directors, on December 2, 2019 approved the proposal related to the LTI Plan to be submitted to UniCredit Shareholders' Meeting.

3.3.8 The market price of UniCredit ordinary shares, on the dates mentioned in points 3.3.6 and 3.3.7

The market price of UniCredit ordinary shares, registered on the date of Board of Directors approval of the LTI Plan proposal (December 2, 2019) and on the date of the decision made by the Remuneration Committee of UniCredit (November 25, 2019), resulted equal to Euro 12.8 and to Euro 12.368.

 - a) not already public and capable to positively affect the market quotation, or
 - b) already published and capable to negatively affect the market quotation

In relation to the foregoing it is clarified that the resolution of the Board of Directors which approved the proposal to be submitted to the Shareholders' Meeting, has been communicated to the markets, in compliance with the current regulations. It is also clarified that analogous information to the market, if required, will be made available upon any other following resolution adopted by the Board of Directors on the LTI Plan.

It is worthwhile clarifying that, although all the resolutions adopted by the Board of Directors are subject to the prior positive opinion of the Remuneration Committee of UniCredit, the information to the market - where due - is given only after the relevant resolution of the Board of Directors.
