Introduction

The Company acknowledges the importance of establishing sound internal governance arrangements and practices consistent with the applicable provisions of laws and regulations and with principles and recommendations of the Italian Corporate Governance Code.

This Regulation (the “**Regulation**”) sets forth the rules pursuant to which UniCredit (hereinafter also the “**Company**” or “**Bank**”) Board of Directors, Audit Committee and other Board Committees are established and operate, in compliance there-with and with the Company’s Articles of Association.

The regulations regarding the Chief Executive Officer (hereinafter also the “**CEO**”) and the General Manager (if appointed) may be found in the *UniCredit S.p.A. Organizational Book*, while the rules concerning the Supervisory Body pursuant to the Legislative Decree no. 231/2001 – whose functions are assigned to the Audit Committee under the current governance structure – may be found in the “*Organization and management model of UniCredit S.p.A. pursuant to Italian legislative decree 231/01*”.

This Regulation is published on the Company’s website.

1. Board of Directors

1.1 Composition

Pursuant to the Articles of Association, the Board of Directors of UniCredit (the “**Board**”) is composed of a number between 9 and 19 members (“**Directors**”), of whom at least 3 - and, in any case, no more than 5 - make up the Audit Committee. The term of office is three financial years, or shorter if so established at the time of their appointment. The Board’s term of office expires on the date of the Shareholders’ Meeting convened for the approval of the financial statements for the last financial year of the term. The number of members of the Audit Committee is established by the Shareholders’ Meeting.

The Board of Directors must ensure gender balance in compliance with the applicable rules.

Without prejudice to the compliance with the limits on the number of posts that directors may hold, UniCredit Directors may accept a position on the Board if they believe they can dedicate the time necessary to diligently perform their duties, taking into account, among other things, the number of posts they hold in other companies or entities (including non-Italian ones). Based on the information submitted by the Directors, the Board, in its report on corporate governance and ownership structure, annually discloses any directorships or statutory auditor positions held by the Directors in other national and foreign companies listed on regulated markets or large companies.

In order to ensure that the Board functions properly, the Board of Directors has established requirements that UniCredit Directors must possess, in addition to those envisaged under applicable legal provisions, and the number of posts they may hold in other companies, as illustrated in the document entitled “*Qualitative and quantitative composition of the UniCredit S.p.A. Board of Directors*”, which is published on the UniCredit website.

Members of Audit Committee may take on management and control offices at other companies within the limits established by applicable provisions. They shall not, however, take on offices at bodies other than those with controlling functions at other UniCredit Group companies, or in companies in which the Bank directly or indirectly holds a strategic shareholding, which means a shareholding at least equal to 10% of the share capital or of the voting rights in the ordinary shareholders’ meeting of the subsidiary as well as equal to 5% of the consolidated regulatory capital of the banking Group.

All members of the Board of Directors act with full independence of mind as well as with awareness of the duties and rights inherent in their position, in the interest of a sound and prudent management of the Bank and in compliance with the law and any other applicable regulations, according to the terms and conditions set forth in Annex sub-D.

The Directors, during their term of office, promptly inform the Company as to any appointment or termination of office and provide every information useful for determining the fulfillment of the requirements established by current legal provisions, by the Articles of Association and by the Italian Corporate Governance Code.

1.2 Functioning

Directors act and resolve in an informed manner and with “independence of mind”. In carrying out their duties, the Directors review the information received and ask for clarifications and additional information as needed to form their opinion and engage adequate discussions avoiding group-thinking approaches.

Directors act pursuing the Bank’s overall interest and sustainable success regardless of the shareholders who voted for them or the list from which they were drawn, in pursuit of the primary objective of creating value for shareholders. In fulfilling their duties, Directors also take into account directives and policies set for the UniCredit Group, and the benefits generated by being part of the same Group.

The Board is organized and operates in such a manner as to effectively perform its functions.

The Board meets at the registered office or elsewhere, in Italy or abroad, based on the annual calendar and whenever the Chair deems it necessary or is requested to convene a meeting by the CEO or at least three Directors. The Board may also be convened on the request of a member of the Audit Committee, subject to the prior communication to the Chair of the Board of Directors.

The notice of call shall specify the place, day and time of the meeting. It must be sent out by the Secretary, upon request of the Chair, to all Directors, via proper means, as a rule, at least 3 working days prior to the Board meeting, unless the situation is an emergency, or the circumstances reasonably require that a meeting is immediately called upon. In order to ensure informed and effective participation, the notice must also include the Agenda, unless special confidentiality-related precautions apply. As a rule, appropriate documentation relating to proposals, supporting streamlined documentation, and the information necessary for Directors to express their opinions in an informed manner on the topics under deliberation are made available to the Directors at least 3 days prior to the Board meeting. Where notice shorter than 3 day is served or where the circumstances compel to do so (i.e., accurate set of data are not available yet), this timescale may be reduced due to justified reasons.

In any case, the Chair shall endeavor to ensure that the necessary time is devoted to an effective discussion of the items on the Agenda during the meetings, and shall promote contributions from the Directors.

In exceptional cases, when the Board of Directors is called to take resolutions and the documentation is not made available within 3 days prior to the Board meeting, the Chair ensures that the Chief Executive Officer provides an appropriate presentation to the Board of Directors on the topic on the Agenda during the Board meeting and sufficient time is devoted to said presentation and following discussions.

As stated explicitly on each Agenda, the Chair is responsible for the planning of Board proceedings, having received a proposal from the CEO. Should the Chair consider it appropriate, Board meetings may be held via conference call or video conference in compliance with the provisions of the Articles of Association. The activities are carried out with the support of the Secretary, who possesses adequate experience and assists the Board with impartial assistance and independence of judgement on all relevant aspects for the proper functioning of the corporate governance system. The Board, upon proposal of the Chair, provides for his/her appointment and dismissal based on the assessment that he/she has skills and proven experience as appropriate to carry out the tasks inherent in the role.

The Secretary to the Board of Directors ensures compliance with the procedures relating to the functioning of the Board of Directors, assists the Chair in the performance of his/her mission, in particular the organization of the work of the Board of Directors, planning the timetable and setting the Agenda of the meetings of the Board of Directors, keeping minutes of the meetings (being authorized to issue and certify as true copies and extract thereof).

In the absence of the Secretary to the Board of Directors, the Board designates a person to replace him/her.

The Chair in alignment with the CEO can invite - where appropriate - executives competent on the matters on the Agenda to attend such meetings when the matter is discussed.

Communications during meetings and the resolutions taken by the Board are recorded as minutes in an *ad hoc* ledger and signed by the Chair of the meeting and the Secretary. Such minutes are, as a rule, submitted to the Directors at the next available Board meeting and filed at the Chair, Board and Board Committees Secretariat Office, where they are available for consultation by any of the Directors. Where envisaged under applicable laws and regulations, a copy of the minutes containing the resolutions taken by the Board is sent to the Supervisory Authority.

The minutes include a summary of the discussions and deliberations. They mention the questions raised or the reservations expressed by the participants, grouping them together by theme if possible. They specify the orientations and/or decisions adopted by the Board of Directors.

1. Board of Directors

A non-executive Director other than an Audit Committee members who plans to have contacts with the management on matters relating to the Bank's business, on topics discussed in Board or Board Committee meetings or also on matters that have not been and are not brought to the Board or Board Committee attention, must inform the Chair of the Board of Directors or the Chair of the Board Committee they are member of, before approaching the Chief Executive Officer, or a person delegated by the latter, who will, where necessary, provide the required responses, via the company email. These rules govern both communications with the Management or requests for information relating to above-mentioned matters. Contacts shall in any case be in full compliance with current laws and regulations (e.g., regulations governing privileged information, privacy, confidentiality, banking secrecy, etc.).

Independent Directors meet, without the other Directors, at least once a year and, in any case, when requested by at least one independent Director, in order to assess matters deemed of interest, including those related to the functioning of the Board of Directors and to the corporate management. All the independent Directors shall strive to be present at such meetings. The notice of call shall be sent out to each independent Director according to the rules illustrated above and applicable to notice calling the Board meetings.

An independent Director - designated to such end - coordinates the meetings and promotes the debate on the relevant topics discussed. The meetings of the independent Directors do not determine the taking of any decision.

Further to the adoption of resolution, the CEO illustrates the Board of Directors' decisions on Group management guidelines and its main strategic initiatives at meetings of the Managerial Committees envisaged for this purpose, vested with information-gathering and consultative functions pursuant to the Organizational Book.

1.3 Confidentiality

All Directors acknowledge that is of utmost importance preserving strict confidentiality and integrity on the content of the discussions and deliberations of the Board of Directors and its Committees, as well as the information and documents presented or communicated to them, in any form whatsoever.

In particular, all Directors are duty-bound to maintain the confidentiality of documents and information obtained while performing their duties, and to comply with the procedures UniCredit has adopted for the internal management and external disclosure of such documents and information. To ensure confidentiality, all Directors are required to use a UniCredit-domain email address for all the correspondence related to their office.

Confidentiality is a necessary precondition to guarantee that information can be passed on to members of the Board promptly and completely with regard to all significant decision-making elements. Internal procedures have been put in place specifically to ensure that the documentation sent to Directors remains confidential and a specific process is established at Board level. Namely, in case the Chair of the Board of Directors become aware of any potential breach of the confidentiality duty by any Director, it is provided that the Chair assesses the information received. The Chair, having assessed that the information is significant and material, can request to the Audit Committee, as well as to internal functions of the Bank and/or to external consultants to carry out further analyses on the breach. The results of the analyses are shared with the Board should they reveal any relevant infringement. Should the potential breach involve the Chair, the oldest independent Director (other than the Chair, if he or she is the oldest and other than any Audit Committee member) not involved in the breach leads the process. The process described relies on the following principles: protection of all persons concerned by the investigation – including the Director who allegedly violated the duties of confidentiality – in order to avoid reputational damage or other negative consequences; confidentiality of the investigation also *vis-à-vis* other Directors, on a need-to-know basis; presumption of innocence; right to be heard.

The same rules above described apply to the Audit Committee, namely if the potential breach involves one of the Audit Committee members, the Chair of the Audit Committee performs the functions entrusted to the Chair of the Board. Should the potential breach involve the Chair of the Audit Committee, the oldest Audit Committee member (other than the Chair, if he or she is the oldest) not involved in the breach leads the process.

It is specifically envisaged that Directors, including Audit Committee members for the meetings under their exclusive remit, acquire such documentation exclusively via an IT platform managed by the Board Secretary's Office, protected by a two-level access key that requires not just a personal password but also a one-time soft token code generated by software issued to each of them.

All Directors sign a specific statement concerning their confidentiality duties (see Annex sub E). Additionally, once a year Directors provide a statement attesting that they have complied with the confidentiality duties for the year just concluded.

1.5 The role played by the Chair

The Chair of the Board of Directors is responsible for ensuring that the corporate governance system functions effectively, also with regard to any aspect related to internal and external communications, serving as an interlocutor for the Audit Committee and the other Board Committees.

While remaining neutral, the Chair contributes to an effective flow of information within the Board of Directors and between the Board of Directors and the Committees thereof, promotes dialogue among executive and non-executive positions, seeking the active participation of non-executive members in the Board's proceedings so that the resolutions it reaches are the result of adequate debate and an informed and effective contribution from all of its members.

The Chair should encourage and promote open and critical discussion and ensure that dissenting views can be expressed and discussed within the decision-making process.

In particular, the Chair ensures that:

- i. In good time, Directors are sent supporting documentation on the Board's deliberations or, at the very least, initial information on the issues under debate, as illustrated under 1.2 above;
- ii. Supporting documentation and information on deliberations, in particular documents distributed to non-executive members, are adequate in terms of quantity and quality in regard to the items on the Agenda;
- iii. When preparing the Agenda and chairing Board discussions, issues of strategic relevance are given priority, and that all necessary time is set aside for them;

1. Board of Directors

- iv. The Heads of the corporate control functions have direct access to the Board of Directors when necessary. To this end, meetings between the Chair and the Heads of the corporate control functions are organized on a regular basis;
- v. Opportunities may be arranged for all Directors to meet when necessary, also apart from Board meetings (“off-site”), in order to discuss any relevant matters, including strategic issues;
- vi. The self-assessment process is undertaken effectively, its terms and conditions comply with the degree of complexity of the Board’s work, and envisaged corrective measures are adopted to tackle any detected shortcomings;
- vii. Inclusion programs and training schemes are prepared and implemented for members of the Board of Directors;
- viii. Succession plans for senior Management positions are prepared and implemented.

Moreover, the Chair manages relations with Shareholders and the Supervisory Authorities with regard to matters falling within his/her purview and activities as a liaison to the Board of Directors and Shareholders' Meeting, in agreement with the CEO. The rules governing any possible request for meetings and/or for information addressed to Directors by the above subjects are stated in Annex sub-C.

Furthermore, upon proposal of the Chair in agreement with the CEO, the Board of Directors adopts and describes in the corporate governance report a policy for managing dialogue with the generality of shareholders, taking into account the engagement policies adopted by institutional investors and asset managers.

In order to effectively carry out his/her duties, the Chair, who has a non-executive role and does not undertake operational functions, even in a *de facto* manner, maintains necessary and advisable relations with the CEO, has access to all company functions, may attend Board Committee and managerial Committee meetings, receives information, including on specific topics, regarding the management of the Company and the Group as well as on the general current and expected performance of the management itself.

According to applicable laws and the Articles of Association, delegated bodies report, at least on a quarterly basis, to the Board of Directors and, therefore, to the Audit Committee, on the exercise of the delegated powers. Significant transactions under the law and the Articles of Association will be flagged as part of this reporting.

Where absent or impeded, the Chair is replaced by the Deputy Vice Chair. Where both the Chair and Deputy Vice Chair are absent or impeded, the meeting is chaired by the oldest Director.

1.6 Quorum and resolution-making majorities

In order for Board resolutions to be valid, the majority of serving Directors must be in attendance.

Except the specific cases established by legal provisions and the Company’s Articles of Association, Board deliberations are taken with a majority of votes cast, excluding those who abstain; in the case of a split vote the Chair’s is the casting vote. Each Board member is entitled to have a vote against or an abstention – and the reasons for this vote – recorded in the minutes.

1.7 Self-assessment process

Pursuant to the provisions of applicable Bank of Italy rules on corporate governance, the Board of Directors undertakes a regular self-assessment process with the following end-goals:

- To ensure its proper and efficient functioning and its appropriate composition;
- To guarantee substantial compliance with the provisions on banks’ governance issued by the Bank of Italy and the goals these aim to achieve;
- To foster the updates of internal rules governing its functioning, in order to ensure their suitability even in light of changes caused by the development of the business and by the operational context;

- To identify the main weaknesses, promoting the related debate within the Board and defining the mitigating measures to be implemented;
- To strengthen cooperation and trust among its members and between the strategic oversight and management functions;
- To encourage the active participation of its members, ensuring that each of them is fully aware of their specific office and related responsibilities.

The self-assessment process takes the following criteria into consideration:

- i) The Board as a whole and the contribution that individual Directors make to Board proceedings; the assessment process also covers the Board's internal Committees;
- ii) Undertaken at least on an annual basis, the self-assessment may be structured in such a manner as to phase the aspects which are assessed in a way that is functional to Board renewal. If the European Central Bank or the Bank of Italy issues findings or requests regarding the functions and composition of the Board, a self-assessment must be carried out promptly and in detail;
- iii) At least once every three years, a self-assessment is carried out with the assistance of an external advisor who ensures that an independent opinion is reached.

The self-assessment process includes the analyses envisaged by Section 26 of the Consolidated Banking Act and additional legal and regulatory requirements for holding offices (such as, by way of example, compliance with the ban on interlocking directorships under Section 36 of the Legislative Decree no. 201 dated 6 December 2011, converted into Law no. 214 of 22 December 2011). Where possible, self-assessments are undertaken together with these analyses.

The Chair of the Board of Directors ensures that self-assessment process is undertaken effectively, its terms and conditions comply with the degree of complexity of the work of each body, and envisaged corrective measures are adopted to tackle any detected shortcomings.

All analyses are recorded in a special document approved by the Board and are submitted as required to the European Central Bank or the Bank of Italy.

The rules that govern the self-assessment process are stated in Annex sub-A.

2. Board Committees

2.1 List of Committees

According to the applicable provisions of laws and regulations, the Board pursues a clear allocation and distribution of duties and tasks between the specialized committees hereinbelow within the Board of Directors (the “Committees”), without prejudice to the Board faculty to set up further committees for specific purposes:

- Audit Committee
- Risk Committee
- Nomination Committee
- Remuneration Committee
- Related-Parties Committee
- Governance and Sustainability Committee.

The Audit Committee is inherent in the one-tier system of governance adopted by the Company and is vested with the control functions attributed to it by the laws and regulations, as further specified in this Regulation.

The Committees ease and support the Board of Directors to assess in more details and due care the topics submitted to its decision; accordingly, they are vested with preliminary analyses, advisory and proposal-making powers on topics falling within their own competences and have consultative functions.

The following sections illustrate composition, role and rules of functioning pursuant to which the Committees operate and interact with each other as well as with the Board of Directors and the management, as appropriate to continuously enhance effectiveness and efficiency of their activities.

This Regulation and the compliance therewith by the Directors are intended to ensure a clear allocation and distribution of roles, duties and tasks between Committees of the Board consistently with the provisions of laws and regulations and of the Italian Corporate Governance Code as applicable to the Committee(s).

Each Committee oversees the effectiveness of the provisions on the Board Committees included in this Regulation and may submit to the Board of Directors motivated proposals for its review or amendment.

2.2 General provisions

The general provisions hereinbelow apply to all Committees, as further supplemented by the special provisions applicable to each Committee and unless stipulated otherwise in said special provisions. For any matter not addressed by the general and special provisions, the rules set out in the previous Section 1 with respect to the Board of Directors’ functioning shall apply *mutatis mutandis* insofar as they are compatible.

Committees should interact with each other as appropriate. Such interaction could take the form of cross-participation so that the Chair or a member of a Committee may also be a member of another Committee.

2.2.1 Composition

Number. The Committees consist of at least 3 and no more than 5 members.

Skills and requirements. The Committee members must have the necessary knowledge, skills and experience to perform the roles, duties and tasks assigned to them and ensure that any other corporate positions they hold in other companies or entities (including non-Italian ones) are compatible with their availability and commitment to serve as a Committee member. Considering the size of the Board of Directors and the number of independent members of the Board, the Board ensures that Committees are not composed of the same group of members that forms another committee. In particular, the Risk Committee, the Nomination Committee and the Remuneration Committee are

composed of non-executives Directors and predominantly by independent Directors; the Related-Parties Committee is composed only by independent Directors within the meaning of the Italian Corporate Governance Code. The Committees must be differentiated from each other by at least one member. If a Board Director elected by the minorities is present, that Board Director is a member of at least one of the aforesaid Committees. The Chair of each said Committees shall be chosen among the independent members.

Appointment. The members of each Committee, and among them the Chair, are appointed and dismissed by the Board of Directors.

Term. The term in office of Committee members is the same as that of the Board of Directors.

2.2.2 Attendee(s)

Attendance to Committee meeting by person other than its members (hereinafter also referred to as the “**Attendee**”) is intended to enhance the qualitative and quantitative level of information accessible to the Committee and ease the collection thereof from qualified and reliable sources. For the sake of clarity, any attendee who is not a member of the Committee does not have voting rights.

Attendees are admitted to the Committee meeting upon invitation of the Committee Chairs or as provided for in this Regulation and upon prior information to the CEO, except where the attendee is a Board Director and without prejudice to the broader rights of the Audit Committee which are inherent in its role. Attendees include without being limited to managers of the corporate functions of the Company and of the other entities belonging to the Group that are competent on the matters on the Agenda of the meeting or persons appointed in the corporate bodies of said entities.

If the Committee has availed of an external expert, then said expert can be invited by the Chair of the Committee to attend the meeting(s) when the matter in scope of his/her engagement is discussed, subject to adequate confidentiality undertakings by said expert with respect to the discussion partaken and any content related thereto (in whatever form it becomes known to him/her).

In line with the Italian Corporate Governance Code recommendation, Audit Committee member(s) can attend to meetings of any other Committee.

2.2.3 Functioning

Chair. The Committee’s tasks are coordinated by the Chair, who exercises all necessary powers for the proper functioning of the Committee. Each Committee draws up an annual plan of activities to ensure the fulfillment of its tasks.

Secretary. Each Committee, on proposal of its Chair, appoints a secretary who may or may not be a member of the Committee. The Secretary supports the Chair in the preparation of the Committee meetings and drafting of the minutes.

Place. The Committees meet at the Company’s registered office or elsewhere, in Italy or abroad. If the Chair of the Committee deems it appropriate, meetings of the Committee may be held by means of telecommunication, provided that each of the attendees may be identified by all the others and that each of the attendees is in a position to intervene in real time during the discussion of the topics being examined, as well as receive, transmit and view documents. Once the fulfillment of these prerequisites has been verified, the meeting of the Committee is considered held in the place where the Chair is located.

2. Board Committees

Calendar. Committee meetings are convened by the Chair with frequency adequate to the fulfillment of Committee tasks and plan of activities and whenever events or circumstances reasonably require a meeting to be called upon.

Notice. A notice calling the meeting must be sent out to all members of the Committee called upon at least 3 days before the meeting, unless the situation is an emergency, or the circumstances reasonably require that a meeting is immediately called upon. To ensure informed and effective participation, the notice must also include the Agenda, unless special confidentiality-related precautions apply. The Chair is responsible for the proper prioritization of the items in the Agenda consistently with their relevance and ensures that those having strategic relevance are discussed with priority, and that all necessary time is devoted to them. The attendees to the meeting receive notice as well reasonably in advance and are informed about the item(s) on the Agenda that they are expected to report on or discuss. Notice calling the meeting of any Committee is also sent to the Chair of the Audit Committee to enhance the information gathering and the effectiveness of the performance of control duties entrusted to it (including by enabling its attendance to the meetings).

Minutes. Minutes of the meetings are prepared by the secretary, signed by the Chair and by the secretary and kept by the secretary at the premises of the Company, unless otherwise provided for in each Committees. The minutes fairly reflect the discussions and conclusions occurred during the meetings, including questions and disagreements expressed by Committee members on specific topics and their motivations. Minutes of the meeting (along with materials attached thereto, if any) are available for consultation by any of the Committee members and by any member of the Audit Committee.

Quorum. Committee meetings are valid if attended by majority of their members and their resolutions are taken with a majority of votes cast by those attending. In case of absence or impediment of the Chair, the meeting is chaired by the oldest Committee member.

Resources. Committees have access to the financial resources necessary to guarantee their operational independence and, within the limitations of the budget approved by the Board of Directors, may consult external experts. In the event of specific requirements, the relevant budget may be supplemented upon approval of the Board of Directors.

2.2.4 Information flows and interactions

General remarks. Appropriate qualitative and quantitative information flows from and to the Committees, and interactions of the Committees among each other and with the Board of Directors, the Management and the competent functions of the Company are established to enable their proper functioning consistently with their scope, as envisaged by applicable laws and regulations and further illustrated with respect to each Committee.

Joint sessions. Committees may liaise among each other as appropriate to ensure a better performance of their functions and a more effective coordination and exchange of information. To this end, Committees may also hold joint meetings on topics of common interest, when deemed necessary and if agreed by the Chairs of the Committees involved. Addressing the matter together through joint sessions should not impair or undermine the clarity of roles and responsibilities of each Committee, that remains unchanged.

Information flows from the Committee to the Board of Directors. The Chair of each Committee reports on the activities carried out during Committee meetings at the first available Board meeting, as well as whenever requested to do so by the Board of Directors or by applicable laws and regulations. The Chair of each Committee also reports to the Board of Directors the opinion(s) that the Committee he/she chairs is expected to provide pursuant to laws and regulations.

Information flows to the Committees. (a) The Head of Audit, Risk Management and Compliance functions submit reports on the matters falling within their own areas of competence to the Board of Directors and/or to the Committee dealing with said matters, in compliance with the requirements set forth by applicable laws and regulations or by

specific internal self-regulatory requirements identified by the Board of Directors in compliance with Bank of Italy Circular no. 285/2013 (e.g., the heads of Group Compliance, Group Risk Management and Internal Audit submit directly to the Audit Committee periodic control reports run by their departments).

(b) The Committees, with the support of the competent functions, examine the regulatory developments for the matters under their remit and are informed on the remarks expressed by the Supervisory Authorities on topics falling within their competence.

(c) In addition, and without prejudice to specific information flow(s) set forth in the special provisions below, each Committee is expected to facilitate and proactively exchange with other Committees information of mutual interest, within the purview of their respective competences and, where appropriate, coordinate with other Committees to perform their respective tasks (including by sending notice of meetings to other Committee Chairs to enable them to evaluate whether their attendance is opportune).

In the exercise of their respective powers, the Committees may request any relevant information, hear the CEO and, upon prior information of the CEO, the Group's management executives.

BOARD OF DIRECTORS' SELF-ASSESSMENT PROCESS

1. What the process covers

The self-assessment process focuses on the adequacy of the Board of Directors and Board Committees in terms of their composition and functioning.

As far as composition is concerned, the focus is on: qualitative and quantitative composition, size, degree of diversity, educational background, experience (including managerial), seniority in present post, guaranteed balance of non-executive and independent members, adequacy of the appointment processes and selection criteria, and ongoing professional development.

As far as functioning is concerned, the focus is on: meetings, frequency, duration, attendance levels and form of participation, sufficient time available to dedicate to the assignment, degree of trust, collaboration and interaction among members, awareness of the role of Board member, and the quality of debate at Board meetings.

The adequacy of the Board of Directors and Board Committees in terms of composition and functioning is tangibly measured in specific theme-based areas, with special reference to those relevant to sound and prudent management.

Merely by way of example, this encompasses the following:

- Identifying strategic guidelines;
- Corporate management, performance levels targeted and achieved;
- RAF, ICAAP, asset evaluation, risk measurement systems;
- Organizational structure, operational delegations, conflict of interest management;
- Internal controls system;
- Outsourcing policies;
- Financial disclosure and accounts reporting systems;
- Information flows between corporate bodies and with corporate functions;
- Remuneration and incentive systems.

2. Persons involved in the self-assessment process

The following play a fundamental role in the self-assessment process:

- i) The Chair of the Board of Directors, who is in charge of ensuring that the self-assessment process is carried out effectively and matches the degree of complexity of the Board's work, and that any corrective measures envisaged for shortcomings detected are effectively adopted;
- ii) Directors currently in office, including the members of the Audit Committee, who are asked to provide the relevant information; in particular, Board Committee Chairs and members;
- iii) The Nomination Committee, which is responsible for supporting the Board of Directors during the various stages of the process;
- iv) Persons who regularly attend Board meetings (e.g., General Manager and Secretary to the Board of Directors);
- v) Independent external consultant assigned to provide advice on implementing the various stages of the process.

The self-assessment process is undertaken with the assistance of an external consultant chosen by the Chair of the Board of Directors, after receiving a proposal from the Nomination Committee. The selection of this consultant must take the following into account: skills, expertise in the field of corporate governance, and the need for neutral, objective and independent judgment, which are the hallmarks of the self-assessment process.

3. Process stages

The self-assessment process may be broken down into the following stages:

- Examination;
- Drafting the outcomes of the self-assessment process;
- Preparation of the summary document of process outcomes.

3.1 Examination

The Directors provide the information required to conduct the assessment through the filling in of the questionnaires prepared with the support of the external consultant, and/or through individual and/or collective interviews conducted by the same external consultant. The Company's top Management may be asked to provide additional information and suggestions.

Once the examination stage has been completed, the independent external consultant drafts a summary document containing an overview of the results of the questionnaires and any interviews.

a) Questionnaires

The written questionnaires are filled out anonymously in order to ensure the full and free expression of Directors and the chance to carry out an objective analysis of the input provided.

The questionnaires, as a rule, take into consideration the composition and functioning of the Board as a whole and its Committees.

b) Interviews

Individual interviews with Directors to find out more on specific issues functional to the assessment required of Directors are conducted exclusively by the external consultant in order to ensure that the process is objective.

In agreement with the Chair of the Board of Directors, interviews may be extended to individuals who work at the Bank and who, as a result of their work, have a sufficient breadth of knowledge to assess the work carried out by the body itself.

3.2 Drafting the outcomes of the self-assessment process

Assisted by the external consultant, the Chair of the Board of Directors:

- a) Analyses the summary document prepared by the external consultant containing in aggregate form the outcome of the questionnaire and any interviews in order to identify strengths and weaknesses regarding the composition and functioning of the Board of Directors and Board Committees;
- b) Draws up a proposal for actions deemed appropriate in areas of identified weakness;
- c) At subsequent self-assessments, verifies the advancement of initiatives taken by the Board following outcomes from previous self-assessment exercises.

3.3 Preparation of the process outcome summary document

Results from the analysis are written up in an *ad hoc* document which illustrates:

- i) The methodology and individual phases of the process;
- ii) The individuals involved, including the external consultant, if applicable;
- iii) The results achieved, highlighting strengths and weaknesses;
- iv) Any corrective actions necessary;

Annexes

v) For self-assessments after the first, how far previously approved corrective actions have been implemented.

This document will be submitted to the Nomination Committee and then, along with that Committee's opinion, to the Board of Directors for discussion and approval.

Where required, the document will be submitted to the European Central Bank or to the Bank of Italy.

PROCESS FOR SELECTING CANDIDATES FOR THE POSTS OF CHAIR, CHIEF EXECUTIVE OFFICER AND MEMBER OF THE BOARD OF DIRECTORS*

(* Annex subject to review also in furtherance of the entry into effect of the Law no. 21 dated 5 March 2024)

1. Premise

Whereas:

- In the event that one or more vacancies should arise on the Board of Directors, the Board is called upon to fill them and, should the entire Board need to be replaced because its term has expired, may present a list of candidates to be submitted to the General Meeting of Shareholders or, upon publication on the website of the Qualitative and Quantitative Profile, identify candidates that the Board deems to be suitable to cover the post of Director;
- The Nomination Committee, in compliance with the relevant laws and regulations, supports the Board of Directors in defining the roles and capabilities required for the appointment, and in identifying candidates to fill the available Director positions,

the selection of candidates for the posts of Chair, Chief Executive Officer and Member of the Board of Directors shall take place based on the following process (the “**Process**”).

2. Parties to the process

1. “Task Force”: a small number of Directors. If no Task Force is named, the activities assigned to the latter will be carried out by the entire Nomination Committee;
2. External Consulting Firm: one or more “head hunting” firms, chosen from among companies of high standing, appointed to support the Bank in the search for potential candidates. It should be noted that the appointment of the External Consultant may be omitted in the circumstances specified under Section 3.1 below;
3. Nomination Committee: supports the Board of Directors in the various stages of the process;
4. Chair of the Nomination Committee: participates in appointing the External Consulting Firm, ensuring that the methods employed for implementing the process are effective and consistent with its aims;
5. Board of Directors: defines the candidate profiles, appoints Directors to fill vacancies on the Board and identifies [candidates to serve as Directors in the event that the Board submits a slate to the Shareholders’ Meeting* or] submit to the shareholders one or more potential candidates suitable to cover the post of Director upon the publication on the website of the Qualitative and Quantitative Profile.

3. Stages in the process

The process is comprised of the following stages:

- Nomination of Task Force members and appointment of an External Consulting Firm
- Definition of candidate profiles
- Candidate interviews
- Nomination/preparation of a list/identification of candidates

3.1 Nomination of Task Force members and appointment of an External Consulting Firm

The members of the Task Force are identified by the Nomination Committee if the Task Force is composed only of members of the Committee itself; while they are identified by the Board of Directors if the Task Force is composed also of Directors not belonging to the Nomination Committee.

Annexes

In the same stage, the Nomination Committee identifies one or more of the leading head hunters operating on the market at the time. In choosing potential consultants, attention should be paid to their know-how and expertise in the field of corporate governance, and to meeting the need for neutrality, objectivity and independent judgment.

It should be noted that, for reasons of confidentiality or urgency, the Nomination Committee is entitled to carry out the activities of the External Consultant itself directly, therefore without any head hunter being selected.

3.2 Definition of candidate profiles

With the support of the External Consulting Firm, the Task Force members identify the personal, professional and independence features they deem optimal for the post or specific appointment.

The Task Force then submits the profile of the ideal candidate(s) to the Nomination Committee which, if in agreement, in turn submits it to the approval of the Board of Directors.

3.3 Candidate interviews and short-list proposal

The head hunter(s) identify a long-list of possible candidates who match the profile approved by the Board of Directors.

Based on the list drafted by the head hunter(s), the Task Force begins conducting individual interviews with each potential candidate.

At the end of the interview stage, the Task Force submits a short-list of candidates to the Nomination Committee.

3.4 Nomination/preparation of a list/identification of candidates

The Nomination Committee examines the short-list prepared by the Task Force and submits a proposal to the Board of Directors to appoint one or more candidates or a list of candidates to present to the Shareholders' General Meeting or identified as suitable to cover the post of Director when the Qualitative and Quantitative Profile is published on the website.

The Board of Directors then decides on the proposal received from the Nomination Committee.

Annex D

POLICY ON THE INDEPENDENCE OF MIND OF THE MEMBERS OF THE BOARD OF DIRECTORS AND ON THE RELEVANT ASSESSMENT AND MANAGEMENT OF POTENTIAL INTERFERENCES

1. Premise

On December 15, 2020, Decree no. 169 of November 23, 2020 was published in the Italian Republic Official Journal (the “**Decree**”), which requires – as already provided by Article 91(8) of Directive 2013/36/EU (the “**Directive**”), by the Guidelines on the assessment of the suitability of members of the management body and key function holders jointly adopted by the European Banking Authority and the European Securities and Market Authority (the “**Guidelines**”) and by the European Central Bank’s Guide to fit and proper assessments (the “**Guide**” and, along with the Decree, the Directive and the Guidelines, collectively, the “**Regulatory Framework**”) – the members of the managing and control bodies of banks to act with independence of mind, meaning that such members shall be able to make their own sound, objective and independent decisions and judgments (*i.e.*, act with independence of mind).

2. Scope of application

The rules set forth in this policy (the “**Policy**”) specifically govern the process for evaluating the independence of mind of the members of the Board of Directors of UniCredit S.p.A. (“**UniCredit**” or the “**Bank**”), by also setting forth the criteria to properly manage situations arising out of a negative assessment of the aforesaid requirement, with the objective of avoiding or, at least, mitigating potential interferences with UniCredit’s decision-making processes.

These rules are applicable to all members of the Board of Directors.

3. Parties involved

Task Force: a small number of directors nominated pursuant to Annex B of the Regulation. If no Task Force is nominated in accordance with Annex B, the activities assigned to the latter will be carried out by the entire Nomination Committee.

External Consulting Firm: one or more “head hunting” firms, chosen from among companies of high standing, appointed to support the Bank in the search for potential candidates.

Nomination Committee: supports the Board of Directors in the various stages of the assessment process.

Chair of the Nomination Committee: pursuant to Annex B of the Regulation, participates in appointing the External Consulting Firm, ensuring that the methods employed for implementing the process are effective and consistent with its aims.

Board of Directors: defines the candidates’ profiles and carries out the assessments provided by the Policy.

The candidate director(s) or the appointed director(s): as the case may be, who is/are subject to assessment pursuant to this Policy.

4. The independence of mind's requirement and the situations affecting it

All members of UniCredit Board of Directors act with full independence of mind pursuant to the Directive and the Guidelines as well as with awareness of the duties and rights inherent in their position, in the interest of a sound and prudent management of the Bank and in compliance with the law and any other applicable regulations.

Independence of mind must be satisfied both at the time of the appointment of each director and, thereafter, during the entire director's office term.

As independence of mind can be affected by conflicts of interest, UniCredit should have governance policies in place for identifying, disclosing, assessing, mitigating, managing and preventing conflicts of interest, whether actual, potential (*i.e.*, reasonably foreseeable) or perceived. Measures on the management of conflicts of interest are proportionate depending on whether the conflict of interest is actual, potential, or merely perceived.

Although this Policy specifically deals with conflicts of interest in the peculiar perspective of ensuring the independence of mind of its directors under the Regulatory Framework, it is well known that the timely detection of conflicts of interest – which in many cases arise out of situations of “proximity” among people/entities or similar situations – is generally crucial for purposes of compliance with other material sets of rules as well (e.g., the discipline of related party transactions, as provided from time to time by applicable national and EU provisions including Consob and Bank of Italy regulations). Thus, this Policy must be read as one of the various instruments adopted by UniCredit to enable the proper detection of all those situations and relationships that, at different level, might jeopardize the interest of the Bank and/or of UniCredit Group.

Independence of mind can be affected by any of the following situations (the “**Relevant Situations**”):

- a) the director is the spouse not legally separated, a person bound in a civil union or de facto cohabitation, a family member or relative within the fourth degree: 1) of the Chair of the Board of Directors or of the Bank's executive officers; 2) of the managers of the Bank's main corporate functions; 3) of persons who are in the conditions set out in letters b) to e) hereinbelow;
- b) the director is a participant in the Bank (with the meaning set forth in Decree n. 169/2020);
- c) the director holds or has held in the last two years at a participant in the Bank or its subsidiaries the office as chair of the board of directors, management board or supervisory board, or as executive officer, or has held, for more than nine years in the last twelve years, the position as member of the board of directors, the supervisory board or the management board, as well as the management board at a participant in the Bank or its subsidiaries;
- d) the director has, directly or indirectly, or has had in the two years prior to taking office, self-employed or subordinate work relations, or other relationships of a financial, patrimonial or professional nature, even if not on a continuous basis, with the Bank or with its executive officers or its Chair, with companies controlled by the Bank or their members with executive responsibilities or their chairs, or with a participant in the Bank or its executive officers or its chair, suitable to affect his/her independence;
- e) the director holds or has held within the past two years one or more of the following offices:
 - (1) member of the national and European Parliament, Government, or European Commission;
 - (2) regional, provincial or municipal councilor or alderman, president of *giunta regionale*, president of province, mayor, president or component of *consiglio circoscrizionale*, president or member of the board of directors of administration of consortia between local entities, president or member of the councils or councils of unions of municipalities, member of board of directors or chair of special companies or institutions pursuant to article 114 of Legislative Decree no. 267 of 18 August 2000, mayor or councilor of metropolitan cities, president or member of the bodies of mountain or island communities, when the overlapping or contiguity between the territorial area of reference of the entity in which the above-mentioned offices are held and the territorial structure of the bank or banking group to which it belongs are such to compromise his/her independence.

Annexes

The above list contains situations that are particularly sensitive in the perspective of ensuring the independence of mind, but it is not intended to be exhaustive: indeed, Relevant Situations may include any situation that, although not expressly indicated in the aforesaid categories, might affect directors' attitude to perform his/her duties free from any influence.

In light of the foregoing, UniCredit promotes a full-disclosure approach by all addressees of the Policy, so as to ensure the effective implementation thereof.

5. The assessment of independence of mind and the relevant process

As anticipated, as the requirement of independence of mind must always be satisfied, the relevant assessment is carried out:

- at the time of the appointment of the director; and, thereafter,
- during the director's office term.

These two hypotheses are governed by the Policy with specific sets of provisions contained in sections 5.1 and 5.2 below.

In its turn, section 5.1 deals with a twofold scenario, i.e., (a) the case where the appointment of the director is based on a selection process carried out by UniCredit's Board of Directors (e.g., presentation by the Board of Directors of a slot of candidates or replacement of one or more director through the co-optation procedure) (paragraph 5.1.1); and (b) all other cases (e.g., presentation of slots of candidates by shareholders) (paragraph 5.1.2).

For all scenarios, the procedural steps and actions to be implemented for purposes of preparing the assessment by the Board of Directors have been set out.

5.1 Assessment carried out at the time of appointment of the director

5.1.1 Directors' appointment based on the selection process carried out by the Board of Directors (Annex B of the Regulation)

5.1.1.1 Pre-assessment procedure

Within the framework of the process governed by Annex B of the Regulation, each candidate must submit a specific statement concerning his/her independence of mind, by also answering UniCredit's ad hoc questionnaire on independence of mind (collectively, the "**Statement**").

If the candidate holds that a Relevant Situation occurs, the Statement shall indicate the reasons why, in the candidate's opinion, the Relevant Situation does not materially affect his/her independence of mind and/or what measures he/she considers proportionate to deal with the Relevant Situation (such as, by way of example but not limited to, abstaining from voting or from attending meetings with a specific Agenda).

In case a Relevant Situation pertaining to a conflict of interest which is only perceived (and, therefore, is not actual or potential) occurs, the External Consultancy Firm must provide a non-binding report on the Relevant Situation (the "**Report**"). The Report shall (i) evaluate if the conflict of interest poses a material risk which is not possible to prevent, adequately mitigate or manage and (ii) be submitted to the Task Force (or directly to the Nomination Committee if the Task force is not appointed).

When examining the short-list of candidates along with the Report (if any), the Nomination Committee as provided by Annex B of the Regulation, makes, also with the support of the Task Force (if needed) and the External Consulting Firm, a pre-assessment of the requirement of independence of mind for all candidates (without prejudice to the assessment to be made by the Board under paragraph 5.1.1.2 below).

5.1.1.2 Assessment by the Board of Directors

After the preliminary exam carried out by the Nomination Committee, the Board of Directors, also with the support of the Nomination Committee itself, the Task Force (if needed) and the External Consulting Firm, shall assess the candidate's independence of mind.

The Board shall make the assessment based on the Statement and any other available information and shall verify whether the safeguards provided by legal and regulatory provisions, as well as any additional organizational or procedural measures adopted by the Bank or the candidate, are effective in counteracting the risk that any Relevant Situation may affect the independence of mind of the candidate or the decisions of the Board.

In particular, the Board of Directors makes reference to the safeguards provided for in the following rules: Articles 2391 and 2391-bis of the Italian Civil Code and relevant implementing measures; Section IX of Title V of Book V of the Italian Civil Code; Articles 53, paragraphs 4 and 4-quater, and 136 of Italian Banking Law and relevant implementing measures; Article 6, paragraph 2-novies, of the Italian Consolidated Law on Finance; Article 36 of Law Decree 6 December 2011, no. 201, converted with amendments by Law 22 December 2011, no. 214.

For the purpose of this exercise, the Board of Directors shall also take into consideration both the Guidelines and the Guide; the minutes of the Board's meeting shall provide an accurate and analytical record of the assessments made as well as of the reasons why the Board of Directors holds that the Regulatory Framework's requirements and criteria are met.

5.1.1.3 Consequences of the assessment of a Relevant Situation

Should a Relevant Situation be detected, and the existing safeguards be not deemed sufficient, the Board of Directors may:

- (a) identify additional and more effective ones;
- (b) modify the future specific roles to be assigned to the candidate, including any possible delegations.

If the measures above indicated are not adopted or are insufficient to eliminate the shortcomings found, the Board of Directors shall declare the candidate's exclusion from the short-list of candidates.

5.1.1.4 Review of the assessment after an appointment made under paragraph 5.1.1

Immediately after the appointment of a director based on the process governed by paragraph 5.1.1, the Board of Directors shall review the assessment already carried out, based on further submissions by the appointed director also following specific requests by the Bank.

Should a Relevant Situation be detected, and the measures set forth in paragraph 5.1.1.3 be not adopted or be insufficient to eliminate the shortcomings found, the Board of Directors ensures that the appropriate measures are promptly undertaken.

5.1.2 Appointment of directors in cases other than paragraph 5.1.1

5.1.2.1 Pre-assessment procedure

Where the appointment of a director is not preceded by the selection process pursuant to Annex B of the Regulation and paragraph 5.1.1 above (e.g., as far as directors appointed based on slots of candidates submitted by shareholders are concerned) and in any case of renewal of the Board even if preceded by the aforesaid selection process, the assessment of the independence in mind shall be carried out by the Board of Directors immediately after the director's appointment.

Annexes

5.1.2.2 Assessment by the Board of Directors

The Board of Directors shall carry out the assessment with the support of the Nomination Committee, and, if deemed necessary, of an external consultant, by applying the assessment criteria set forth in paragraph 5.1.1.2.

In case a Relevant Situation pertaining to a perceived conflict of interest occurs, the Nomination Committee, with the support of the external consultant, must provide the Report.

Also in this situation the Report shall (i) evaluate if the conflict of interest poses a material risk which is not possible to prevent, adequately mitigate or manage and (ii) be submitted to the Board of Directors.

5.1.2.3 Consequences of the assessment of a Relevant Situation

Should a Relevant Situation be detected, and the measures set forth in paragraph 5.1.1.3 be not adopted or be insufficient to eliminate the shortcomings found, the Board of Directors ensures that the appropriate measures are promptly undertaken.

5.2 Assessment and Management of the Relevant Situation during the office term

5.2.1 Ad hoc assessment in case of occurrence of a Relevant Situation

5.2.1.1 Pre-assessment procedure

In case a Relevant Situation occurs during the director's term of office, the affected director (the "**Relevant Director**") shall promptly notify in writing the Chair of the Board of Directors (or, should the Relevant Director be the Chair, the Board of Directors directly) of the occurrence of a Relevant Situation, together with such safeguards as he/she deems sufficient to manage the conflict of interest.

The Chair shall manage so as to timely submit the issue to the Board of Directors.

Should the Relevant Director be the Chair of the Board of Directors, he/she shall immediately notify the Vice Chair and this latter shall timely submit the issue to the Board of Directors.

Any notification pursuant to this paragraph 5.2.1.1 can be made by completing the same questionnaire used for purposes of rendering the Statement.

5.2.1.2 Assessment by the Board of Directors

The Board of Directors shall assess the independence of mind of the Relevant Director – with the support of the Nomination Committee should the Relevant Director be the Chair of the Board of Directors, the Vice Chair or the Chief Executive Officer (and without prejudice to the faculty to ask for the Nomination Committee's support also in any other cases) – in light of the information and reasons provided by the Relevant Director and, if necessary, shall verify whether the safeguards are sufficient to manage the risk that the Relevant Situation may impair the Relevant Director's independence of mind.

5.2.1.3 Management of the Relevant Situation before and after the Board of Directors' assessment

The Relevant Director may attend the meeting of the Board of Directors which shall discuss his/her position only for purposes of providing explanations about the Relevant Situation but shall not take part into the relevant discussion and voting.

Should the Relevant Director be the Chair of the Board of Directors, without prejudice to his/her attendance at the meeting for the purposes indicated in the previous sentence, the functions as chair of the meeting shall be carried out by the Vice Chair of the Board of Directors.

In conducting its assessment, the Board of Director, if the existing safeguards are not deemed sufficient, may:

- (a) identify additional and more effective ones;
- (b) modify the specific tasks and roles assigned to the member, including any possible delegations.

If the measures hereinabove indicated are not adopted or are insufficient to eliminate the shortcomings found, the Board of Directors ensures that the appropriate measures are promptly undertaken.

5.2.2 Ad hoc assessment should a Relevant Situation occur in connection with an item on the agenda of a Board meeting

5.2.2.1 Pre-assessment procedure

If a director becomes aware of the existence of a Relevant Situation depending on one more items on the agenda of a Board meeting, then the Relevant Director shall immediately notify in writing the Chair of the Board of Directors so that to put this latter in the position to evaluate in advance proper modalities to address the issue to the Board, and shall confirm, in any case, the disclosure of the Relevant Situation at the beginning of the Board meeting.

For purposes of favoring the identification of Relevant Situations, if any, the notice of summoning of the Board's meeting shall refer to this Policy and to the Statements issued by the directors and invite them to immediately notify in writing the Chair with any Relevant Situation connected with the agenda.

Should the Relevant Director be the Chair of the Board of Directors, he/she shall immediately notify the Vice Chair and consult with this latter and with the Nomination Committee as to possible actions to be carried out in connection with the preparation and conduction of the Board meeting.

Any notification pursuant to this paragraph 5.2.2.1 can be made by completing the same questionnaire used for purposes of rendering the Statement.

5.2.2.2 Assessment by the Board of Directors and management of the assessed Relevant Situation

Following disclosure, the Relevant Director, in agreement with the Board of Directors itself, shall adopt a measure on the management of conflicts of interest that includes, at least, the director's abstention from voting on the matter affected by the Relevant Situation and that, in the most serious cases, may even lead to prevent the director's participation in the discussion.

If a Relevant Situation emerges during a Board meeting only (for example, during the discussion on a specific topic on the agenda), the Relevant Director shall immediately notify the Board of Directors and, in agreement with the Board, shall adopt a measure on the management of conflicts of interest that includes, at least, the director's abstention from voting on the matter affected by the Relevant Situation and that, in the most serious cases, may even lead to prevent the director's participation in the discussion on the topic.

The Board and Board Committees Regulation of UniCredit contains the general obligation for all Directors to keep confidential the documents and information acquired in the performance of their duties and to comply with the procedures adopted by UniCredit for the internal management and external communication of such documents and information. In case of potential breaches of the duties of confidentiality, the procedure set out in the Board and Board Committees Regulation of UniCredit under paragraph 1.3 applies. Within such procedure, the Chair can request to the members of the Audit Committee, as well as to internal functions of the Bank which he/she may deem appropriate, and/or to external consultants to carry out further analyses on the breach.

Passing Confidential Information to any third party, whether directly or indirectly, intentionally or unintentionally, may be a source of serious damages, economic and/or reputational, to the Bank and its shareholders and stakeholders as well as being able to negatively affect relations with third parties, such as regulatory authorities and investors, and the proper functioning of the Board of Directors and Board Committees of UniCredit.

By accepting the appointment as Director, the following duties of confidentiality and rules for managing Confidential Information are accepted in full.

Without prejudice to any legal and regulatory obligations, each Director undertake both during their tenure and after its termination to treat Confidential Information diligently and without disclosure in any form to third parties.

In particular, the undertaking implies:

- a. Not to disclose, make available, make known and/or disseminate, by any means, in any form and in any location, even unintentionally, any Confidential Information and to do everything in their power to ensure that the same applies to employees and/or collaborators of whom they avail themselves;
- b. Not to use Confidential Information in any way that could have negative consequences, from any point of view, for the Bank and/or UniCredit Group;
- c. To promptly destroy or return, upon termination of office, for whatever reason incurred, any document, in whatever format, containing, or otherwise relating to, Confidential Information.

In addition, Directors, by accepting their appointment, undertake not to release interviews, comments or statements of any kind (unless expressly agreed upon and authorized by the Bank), in any form and in any context and also regardless of their tone and content, to any member of press organizations and, more generally, of the media, which concern or in any case refer to, even indirectly, the Bank and/or the UniCredit Group and/or to their present, past and future activity in favor of the same.

The Bank may require on an annual basis an undersigned declaration confirming the fulfillment of the above undertakings, which are essential for the proper fulfillment of their office.

It is the expectation of the Board of Directors that if a Director violates his or her duties of confidentiality as detailed in this Annex, such Director shall promptly tender his or her resignation from office. In case the voluntary resignation is not tendered the Board of Directors and/or the Audit Committee shall propose the revocation from office at the first available Shareholders' Meeting.
