Notice

The contents of this document are made available to the UniCredit Shareholders merely for information purposes and as such, consequently, do not in any way intend to replace or complete the provisions brought by law, by regulation or by the Company's Articles of Association that regulate the appointment of the Statutory Auditors, which Shareholders are kindly asked to refer to.

General information

Statutory Auditors' number and term in office

The appointment of the Statutory Auditors is governed by the Italian Civil Code, the Legislative Decree no. 58/1998 (Consolidated Law on Finance, hereinafter also "TUF"), the Legislative Decree no. 385/1993 (Consolidated Law on Banking, hereinafter also "TUB") and the related regulations as well as by Clause 30 of UniCredit's Articles of Association, to all of which reference may be made.

Pursuant to the Articles of Association, the Ordinary Shareholders' Meeting appoints five permanent Statutory Auditors, among whom the Chair, and four substitute Statutory Auditors. The Board of Statutory Auditors' term in office is three financial years and ends on the date of the Shareholders' Meeting called for the approval of the financial statements relating to the last financial year in which they are in office.

The UniCredit Board of Statutory Auditors in its meeting held on 24 January 2022 has approved the "**Qualitative and quantitative composition of the UniCredit S.p.A. Board of Statutory Auditors**", which contains the results of the ex-ante identification carried out by the same Board of Statutory Auditors on its qualitative and quantitative composition deemed to be optimal in order to ensure the proper performance of its functions, in accordance with current provisions of both laws and regulations. Said document is published on the UniCredit website (www.unicreditgroup.eu).

Procedure for the Statutory Auditors' appointment

Permanent and substitute Auditors are appointed on the basis of slates submitted by the legitimate parties, in which the candidates must be listed using progressive numbers. Slates must be divided into two sub-lists, containing respectively up to five candidates for the office as permanent Auditor and up to four candidates for the office as substitute Auditor.

Who may file the slates

Holders of at least 0.5% of the share capital in the form of shares with voting rights at the Ordinary Shareholders' Meeting. The number of shares that gives the right to file slates may be held by one or more Shareholders.

Term for filing slates

No later than the 25th day prior to the date of the Shareholders' Meeting (**March 14, 2022**). The slates of candidates, together with the necessary documentation, must be filed with the Registered Office of the Company in Milan or by e-mail to corporate.law@pec.unicredit.eu, or with the other means outlined in the notice of call.

Term for disclosing the slates

At least 21 days prior to the date of the Shareholders' Meeting (**March 18, 2022**). Slates of candidates will be made publicly available at the UniCredit S.p.A. Registered Office in Milan, on the website of the authorized storage mechanism "eMarket STORAGE" managed by Spafid Connect S.p.A. (www.emarketstorage.com), as well as on the Company's website.

Filing of the slates

Each legitimate party may submit, or contribute to the submission of, only one slate (including via proxies or trustee companies). Shareholders belonging to the same group or Shareholders who are parties to a shareholders' agreement concerning UniCredit shares may not submit more than one slate (including via proxies or trustee companies).

Candidates may be included in one slate only, under penalty of forfeiture of their candidacy.

The ownership of the minimum number of shares required for filing slates is calculated with regard to the shares registered for each individual legitimate party, or for several legitimate parties jointly, on the day on which the slates are filed with the Company.

The certification on the ownership of the number of shares necessary for filing slates - sent by the intermediary in compliance with its accounting records, upon request of the entitled party - can be submitted to the Company also after the filing but strictly by the deadline within which the Company must make the slates public (i.e. at least 21 days prior to the date of the Shareholders' Meeting).

At least the first two candidates for the office as permanent Auditors and at least the first candidate for the office as substitute Auditor given in the respective directories must be enrolled with the Italian Legal Auditors Register and must have practiced the legal auditing of accounts for a period of no less than three years. In order to ensure a composition of the Board of Statutory Auditors that is compliant with the applicable rules, the first candidate in the sub-list for the office as permanent Auditor and at least one candidate in the sub-list for the office as substitute Auditor must also meet the professional experience requirements specified to hold the office of Chair of the Board of Statutory Auditors provided for in the Decree of the Ministry of Economics and Finance no. 169 of 23 November 2020.

Each slate for the appointment as permanent and substitute Auditor must present a number of candidates belonging to the least represented gender such as to ensure, within the slate itself, the abidance to the balance of genders at least in the minimum quantity established by the applicable provisions, also of a regulatory nature. In fact, the procedures for the drawing-up of the slates and the supplementary criteria for the determination of the members of the body must allow that the least represented gender obtains at least two-fifths of the appointed Auditors (see the following section "*Gender composition*").

Shareholders, in presenting slates, are invited to take into account the results of the ex-ante analysis carried out by the UniCredit Board of Statutory Auditors highlighted in the abovementioned document "**Qualitative and quantitative composition of the UniCredit S.p.A. Board of Statutory Auditors**".

Shareholders obviously retain the right to make their own assessments of what constitutes an optimal Board of Statutory Auditors' composition, justifying any differences with regard to the analysis made by the Board of Statutory Auditors.

Documentation to be filed with the slates

The following documents must also be filed, signed and dated, together with each slate no later than the 25th day prior to the date of the Shareholders' Meeting:

- information relating to the identity of the Shareholders who filed the slates specifying the total percentage of the equity held;
- a statement of the Shareholders, other than those who hold, even jointly, a control or relative majority shareholding, certifying the absence of connecting relationships with the latter pursuant to Sec. 144-*quinquies* of the CONSOB Issuers Regulation no. 11971/99, after having read the recommendations given by CONSOB with its Communication no. DEM/9017893 dated 26 February 2009;
- an exhaustive information on the personal and professional characteristics of the candidates (detailed *curriculum vitae*) as well as a list of the management and control offices held in other companies¹;
- the statements with which each candidate irrevocably accept the office (subject to their appointment) and attest, under their own responsibility, that there are no reasons for their ineligibility, forfeiture or incompatibility, as well as that they meet the requirements provided for by current provisions.

Any slate that does not meet the above requirements will be deemed as not filed.

In order to allow the Shareholders to interpret the expertise held by each candidate more easily, the Board of Statutory Auditors also requests that each candidate files a declaration signed by the same providing analytical evidence of the expertise accrued in the various areas listed within the document "**Qualitative and quantitative composition of the UniCredit S.p.A. Board of Statutory Auditors**".

Please find attached to this document **a template statement of candidacy including** also the so-called "**profile form**" related to the competencies of the candidate as well as the **information notice on the processing of the personal data**. The persons concerned are invited to be aware of such information notice.

¹ Please provide this documentation both in Italian and English.

Minority slates and connections among slates

According to current laws and regulations, at least one permanent member of the Board of Statutory Auditors shall be chosen from the minority slate that obtained the largest number of votes and is not linked in any way, even indirectly, with the Shareholders who filed, or voted for, the slate which resulted first by number of votes. The UniCredit S.p.A. Articles of Association provide that there should be 2 permanent Auditors and 2 substitute Auditors elected by the minorities, according to the modalities described in the following paragraph “*Appointment process*”.

CONSOB, in order to ensure full transparency on any connection between slates, made detailed recommendations to the Shareholders filing a minority slate for the appointment of the Statutory Auditors². In particular, CONSOB requires legitimate parties who submit “minority slates” to file - together with each slate - a declaration certifying the absence of any of the relationships specified in Section 144-*quinquies* of the CONSOB Issuers Regulation, including indirect relationships, with Shareholders who severally or jointly hold a controlling or a relative majority shareholding, specifying:

- the absence of any significant relationships with said controlling or relative majority Shareholders; or
- any existing relations, where significant, together with the reasons for which such relations have been deemed not crucial for the existence of such relationships.

The Company makes said declaration available to the public together with the slate.

CONSOB highlighted that the notion of connection is “*non-technical*” and “*cannot be limited to the cases envisaged by law related to control and connection*” and that to said notion “*considering its anti-elusive purpose, must be attributed a wide meaning*”.

² See CONSOB Communication no. 9017893 dated February 26, 2009.

Gender composition

Italian Law no. 160/2019, amending Sections 147-*ter* and 148 of the Legislative Decree no. 58/1998, introduced in Italy a new criterion for the composition of the corporate bodies of listed companies to ensure the gender balance, envisaging that the least represented gender must be granted with a representation of at least two-fifths of the appointed permanent members of the board of statutory auditors.

The above provisions apply to the renewal of the Board of Statutory Auditors and therefore the slates of candidates shall be made up in order to ensure the presence of at least two-fifths of members of the least represented gender.

Appointment process

All those entitled to vote may only vote for one slate.

The permanent and substitute Auditors are chosen from the majority and the minority slates - in the progressive order in which the candidates are given - as follows:

- as far as concerns the election of the permanent Statutory Auditors, the votes obtained by each slate are divided in succession by one, two, three, four and five. The ratios obtained are progressively given to the candidates in the first directory of each slate in the same order as in the directory and are reported in one single decreasing graduation: the persons elected are the first three candidates in the slate that obtains the majority of the votes and the first two candidates that have obtained the highest ratio among those belonging to the minority slates. The candidate who has obtained the highest share of votes among the candidates belonging to the slate that obtained the highest number of votes among the minority slates, is elected as Chair of the Board of Statutory Auditors;
- instead, as far as concerns the election of the substitute Statutory Auditors, the votes obtained by each slate are divided in succession by one, two, three and four. The ratios obtained are progressively given to the candidates in the second directory of each slate in the same order as in the directory and are reported in one single decreasing graduation: the persons elected are the first two candidates in the slate that obtains the majority of the votes and the first two candidates that have obtained the highest ratio among those belonging to the minority slates.

In the chart that follows there are briefly reported the above appointment criteria.

	Majority slate	Minority slate
Permanent Statutory Auditors	the first 3 candidates	the 2 most voted candidates among all the minority slates
Substitute Statutory Auditors	the first 2 candidates	the 2 most voted candidates among all the minority slates
Chair of the Board of Statutory Auditors		the first candidate belonging to the slates receiving the most votes among the minority slates
