Any departure from this must be authorised in advance by the Foundation based on valid and documented reasons.

The recipients must promptly communicate the starting date and duration of the course of specialisation; on this date they must start attending the course and inform the Foundation of said attendance.

The Foundation in turn will assign a tutor to each scholarship holder. The scholarship holder is obliged to report to the tutor on the progress of his/her studies and to send two reports – one in January 2011 and one in June 2011 – to illustrate comprehensively the studies performed, the exams passed and the work begun.

10. Method of payment

25% of the sum of the scholarships is paid in advance, 25% on confirmation of the beginning of attendance of the courses and the remainder in two equal deferred instalments (one in January 2011 and one in April 2011), without prejudice to the possibility of the sums relative to the individual instalments of university fees and any lodging expenses being paid in advance, upon documented request of the recipient.

The Foundation reserves the right not to pay instalments not yet accrued:

- a) in the event of interruption, even temporary, of attendance of the course of study;
- b) in the event of the failure to send to the Foundation the required reports regarding progress of the studies;
- c) if from the reports or information acquired it is found that the recipient has not achieved satisfactory results in the course of study undertaken.

The Foundation may also request the return of any instalments paid in advance if the recipient of the scholarship does not begin attending the course of study.

11. Renewal of scholarship

The winners of the scholarships who attend the course of study with successful results, assessed by the un-appealable opinion of the Foundation, may upon request obtain renewal of the scholarship for the following year of study.

12. Possible cooperation with UniCredit Group Companies

UniCredit reserves the right to offer those awarded the scholarships, while they are actually attending the courses at the foreign university or once they have got their degrees, forms of cooperation with Group companies (on topics of particular interest to the Group) which take account of the research they have done or are still doing.

13. Acceptance of all the conditions of the regulations

Participation in the competition implies unconditional acceptance of the entire contents of these regulations.
